

X-Press **EASY**

Shape it **easy.**

Press brake
bending...

...has never been easier.

X-Press EASY

The press brake that combines reliability and return on investment.

AVAILABLE CONFIGURATIONS

80 metric tons › **2** meters

A

115 metric tons › **3** meters

B

165 metric tons › **3** meters

C

GASPARINI
4 YEARS
 WARRANTY*

MAXIMUM RELIABILITY

- › Frame produced in Italy by Gasparini, accurately dimensioned through FEA
- › Bosch-Rexroth hydraulic valve block, pump and valves
- › Heidenhain linear optical encoder with 1 µm resolution
- › Bosch linear bearings, Gudel racks and pinions
- › Panasonic brushless motors and drives

HIGH PERFORMANCES

- › Ram speed 200 mm/s (~8 in/s), X-axis speed 500 mm/s (~20 in/s)
- › DSP-AP laser safety: lowered speed change point and auto-blanking for box bending
- › 4 axes Y1-Y2-X-R, with 6-axes option adding Z1-Z2
- › Manual or pneumatic upper and lower clampings

BEAUTY AND FEATURES

- › Customizable daylight and stroke
- › Updated Design
- › New coded security doors
- › High-gloss anti-dirt water-based paint

SUPERIOR INTELLIGENCE

- › Delem DA-58T or Cybelec ModEva Pac CNC
- › Graphic programming
- › 15" high-resolution wide touch-screen monitor
- › Automatic bending sequence calculation
- › Collision detection

MANY OPTIONS AVAILABLE

- › ACSG1 real-time crowning
- › Stand-By and inverter motor drive
- › LaserLine and wireless foot pedal
- › Offline PC software
- › Oil and electrical cabinet heating and cooling
- › Priority service and TeleLink remote assistance

* joining our maintenance plan

Shape it easy.
